Congressional Proceedings.

By Associated Press.]

WASHINGTON, June 18.—The House went into Committee of the Whole on the Indian Appropriation bill. The committee in a few moments rose in formally to allow the House to receive a message from the Senate. The Silver bill, as amended by the Senate, was presented to the House at 12:45. It was received with tremendous applause by the Democratic side, and Bland immediately moved that the committee rise in order that the House might at once proceed to the consideration of the bill. Peet of Arkansas, who had the floor, was induced to yield, but the Chairman of the committee, Allen of Michigan, directed the clerk to continue the reading of a long printed precedent bearing upon the point of order then under discussion. At the conclusion of the reading, Bland's motion was put and was defeated on a standing vote of 70 to 89, and on a vote by tellers the committee refused to rise—years 94; nays 105, and continued the consideration of the Indian Appropriation bill.

The Senate Finance Committee reported back the Tariff bill, saying it is not expected it will be considered earlier than a week from Monday next. The Committee on Commerce reported back the River and Harbor Appropriation bill, which was placed on the calendar. The Senate then proceeded to the consideration of executive business.

The following are the principal changes made by the Senate Committee on the Tariff bill: Glassware classifications were changed and a large general reduction was made. Steel rails were reduced from \$13 44 to \$11 20 per ton. No bounty is to be given for less than five hundred pounds of sugar annually, and sugar between 13 and 16 Dutch standard, pays a duty of three-tenths cents per pound. Sugar above 16, pay six-tenths instead of four-tenths. Tobacco unchanged. A slight reduction was made in many items in the agricultural schedule, and exporters of meat are not allowed a rebate on the salt used in curing their meats. Natural effervescing mineral waters are free. The duty on cotton manufactures are reduced all through the schedule. Only slight changes in wool, the principal one being to correct a typographical error that the House refused to correct. The bounty for silk and silk cocoons raised and reeled in the United States, was stricken out. Works of art were taken from the free list and made dutiable at thirty per cent. advance. A limitation of five hundred dollars as the value of wearing apparel a person may bring into the United States is stricken out.

The Senate Finance Committee struck out all changes made by the House bill in the internal revenue regulations respecting the tax on tobacco. The internal revenue tax on opium, as prepared for smoking, was increased from \$5 to \$10 per pound.

The doors were re-opened at 1:30, when the conference report on the anti-trust bill was presented and agreed to, both Houses receding from their respective amendments, and bill

remained exactly as it passed the Senate.

The Senate then proceeded to the consideration of the legislative appropriation bill.

The Senate, in executive session, confirmed the nominations of R. A. Benzell, Collector of Customs at Yaquna, Wash.; — Furay, Marshal for Montana; A. B. Conaway, Associate Justice of the Supreme Court of Wyoming; L. B. Bartlett, Probate Judge of Grand county, Utah; W. H. Pettit, Surveyor-General for Idaho; W. R. Hoyt of Wisconsin, Commissioner for Alaska; and N. R. Peckbaugh of Indiana, Clerk of the District Court of Alaska.

All Hope Abandoned.

By Associated Press.]

DUNBAR (Pa.), June 18.—All hope of being able to rescue the entombed men in the Farm Hill mine alive has been abandoned. The difficult work of reaching the death chamber from the Mahone mine is progressing; the party is now supposed to be within about 70 feet of their objective point.

It is believed another explosion occurred this morning. There was a heavy fall of earth or rock in the main slope, shutting off the draft and turning back the smoke in the direction of the doomed men, making death all the more certain, if it has not already occurred.

Doubtless Insane.

By Associated Press.]

DENVER, June 18.—Aaron M. Jones, aged 60 years, a pioneer of Colorado and one of the best-known men in the State, shot his wife through the heart this morning while they were setting at the breakfast table, and then threatened the life of his daughter Erma, but she pleaded so hard for her life that he spared her. He then turned the weapon upon himself and put a bullet through his heart. It is thought that he was insane.

NEW YORK, June 18.—Judging by the effect in Wall street, yesterday's vote in the Senate on the Silver bill did not go very far towards settling the question. Bar silver would be worth about 1.29 should a free coinage bill be passed, yet it is quoted to-day at 1.05 against 1.04 1/4 last night.

Yesterday's Victory.

The people of the whole country and those west of the Rocky mountains are especially to be congratulated in the action of the Senate yesterday in passing the free coinage act. The herculean efforts of Senators Jones, Stewart, Teller and others in dethroning gold as king and throwing off the shackles from silver have been crowned with success, much to the chagrin of the gold bugs of Wall Street, who have, to a certain extent, ruled the monetary policy of Congress for the last twenty years.

There has been no firmer friend to the white metal than Senator Jones. His defense of silver in the Senate has extended through his three terms of service. He has been the terror of the mono-metallists in this and foreign countries. His unequalled efforts in gathering statistics and facts which were presented in his masterly report, which was the chief corner stone of the free coinage act, backed by his persistent and able advocacy of placing silver on a par with gold, ever since has given him most prominent eminence throughout the whole monetary world as one of the strongest and ablest thinkers on the question which so greatly affects our local interests; not only local, but wherever money is known. Senator Jones had a most welcome ally in Senator Stewart, whose efforts during the last two sessions of Congress have been both able and unceasing. Senator Stewart's voice in favor of a dual money of equal value has been heard in and out of Congress for years past. His aggressive policy, seconded by Colorado's able Senator, which was voiced by all other Senators from silver-producing States, has brought about in the Senate such revolution—a revolution scarcely hoped for—which is the greatest achievement of the present Congress.

Analysis of the Free Coinage Vote.

From the six New England States, represented by twelve Republican Senators, there were eleven votes against free coinage, and one Senator (Chase of Rhode Island) not voting. From the three Middle States, represented by two Democratic and four Republican Senators, two Republicans from New York and one Democrat from New Jersey voted against free coinage, while one Democrat from New Jersey and one Republican from Pennsylvania voted for it, and one Republican (Quay of Pennsylvania) did not vote.

From the seven Northwestern States east of the Missouri River, represented by eleven Republican and three Democratic Senators, there were three Democratic votes for free coinage and seven Republican votes against it, and four Republicans (Davis of Minnesota, Wilson of Iowa, Farwell of Illinois and McMillan of Michigan) did not vote.

From the ten States west of the Missouri River, represented by one Democratic and nineteen Republican Senators, fourteen Republicans and one Democrat voted for free coinage and two Republicans (Allen of Washington and Casey of North Dakota) voted against it, with three Republicans (Dolph of Oregon, Stanford of California and Pierce of North Dakota) not voting.

From the sixteen Southern States represented by one Republican and thirty-one Democratic Senators, twenty-two Democrats voted for free coinage, two Democrats (one from Delaware and one from Maryland) voted against it, and seven Democrats and one Republican (Higgins of Delaware) did not vote.

Of the 42 votes cast for free coinage, 27 were given by Democrats and 15 by Republicans. Of the 25 votes against it three were given by Democrats and 22 by Republicans. Of the 17 Senators absent or not voting, 7 were Democrats and 10 were Republicans. Free coinage was carried by a union of 14 Southern Democratic States, with nine Republicans from Missouri States and the State of Indiana.

Whatever may be the outcome of the present Legislature the fight for free coinage will never cease until it is made the law,

and unless it shall be adopted and so taken out of politics before 1892 there will be but one way to defeat the Democrats in that year, and that will be to secure the nomination of Cleveland. But with a western man and a bi-metalist—Warner, of Ohio, for instance—we fear that our man (unless his name happened to be on the roll of the Republican Senators who voted for free coinage) would not receive many electoral votes west of the Missouri river.

The upshot of a Chinese abduction case in San Francisco has developed in a New York court, with the usual accompaniments of female slavery, brutality, etc., coupled with the casual information that the master has returned to China for more slaves. If this makes no sensation in New York it must be because either that city has seen enough of Chinese methods already to accept them as a matter of course, or with its multitudinous white population, drawn from all nations, it has become hardened to aspects of vice which grate upon civilized sensibilities elsewhere.

A BELGIAN firm is said to have underbid Pittsburg manufacturers 20 per cent. on structural iron for the new Minneapolis Court House. Contracts for iron for the Austin & Houston Railroad have also gone to Belgium. That little country underbids England and all Europe on such work and one-third of her laboring classes are annually recipients of charity. If we do not want to establish a like state of things in the United States we must keep our tariff fences in repair, and maintain the wages of American labor by holding the old and opening new avenues of industrial progress.

THE GAZETTE is placed under obligations to Senator John P. Jones for a copy of his silver speech delivered in the Senate on May 12th and 13th. The Senator handles his subject with a masterly hand, and his argument is absolutely unanswerable. The people of this commonwealth, and in fact every silver-producing State and Territory under a Republican form of government owe to Nevada's senior Senator a debt of gratitude. Still the Senator has done but his duty, but he has done it so well that he has earned the gratitude of a grateful constituency.

A COLORED ex-member of the Louisiana Legislature was lynched in that State last Monday on the charge of being a dangerous and suspicious character and of trying to influence the election for State Senator. He is said to have been working in the interest of the Louisiana Lottery, but it should be borne in mind that there is seldom a plausible excuse lacking for "killing a nigger" in some parts of the South.

Dyspepsia

Makes many lives miserable, and often lead to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition.

"I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 128 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. Wilcox, 20-26 West Street, Salt Lake City, Utah.

Headache—Hot Flashes.

"I had headache, hot flashes, soreness and swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLSON, Auburn, Cal.

Strong Language.

J. B. Langhans, ex-mayor of North Des Moines, Iowa, said recently: "I have just recovered from a severe attack of a gripe. I used Chamberlain's Cough Remedy, and applied Chamberlain's Pain Balm to my breast. These remedies were just the thing in my case. My child had a cold some years ago, and took Chamberlain's Cough Remedy with perfect success, since then we have never been without these medicines in our house. I had a cousin who was a printer and was employed in a job office in this city, where they were printing circulars for Chamberlain. He had a deep-seated cold and a terrible cough, and while setting up the copy he made up his mind to buy a bottle. It cut his cough in half, and was at the same time a sovereign remedy for Chamberlain's remedies. I have been strongly in their favor ever since. My own experience and that of my family convinces me that these remedies are the best in the world. That may be strong language, but that is what I think." For sale by Shoemaker & Co.

The First Step.

Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what all you. You should heed the warning, you are taking the first step into Nervous Prostration. You need a nerve tonic, and in Electric Blitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great nerve tonic and alterative. Your appetite returns, good digestion is restored and the Liver and Kidneys resume healthy action. Try a bottle. Price 50c, at Wm. Finnigan's Drug Store.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience how good a thing it is. I have never tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery, ever after holds a place in the house. If you have never used it, and should be afflicted with a cough, cold, or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at Wm. Finnigan's drug store.

Somebody Tells Somebody.

Dr. B. Hamlin, of Lemore, Cal., says a few dozen bottles of Chamberlain's Cough Remedy which he sold there created such a demand for the remedy that he could not well do without it. Those who use it find it so much superior to any other remedy they have ever tried that they recommend it to their friends, and that is what makes it so popular. For sale by Shoemaker & Co.

A Sure Cure for Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blind, bleeding and prolapsed piles, will be relieved by Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, absorbs tumors, relieves swelling and effects a permanent cure. Drunks or nasal troubles free. Dr. Bosanko, Piqua, Ohio. Sold by S. J. Hodges.

Dangerously Ill.

The Carson Appeal of the 17th inst. says: Yesterday morning Charley Wilson of the Mint was found insensible in his bed and seemingly dying. The physician who was summoned found that he had bitten his tongue almost in two while in convulsions in the night. It was caused by a rush of blood to the brain. He lay all day yesterday in a sort of stupor, and in the afternoon had another attack. Only the man's strong will power will ever pull him through. Last night he was resting easier, but his recovery is doubtful.

Spring Medicine.

Dr. Gunn's Improved Liver Pills on account of their solid action are especially adapted for correcting spring disorders, as they impure blood, stir up bile, and work on the liver. They act mainly on the kidneys, drive out all impurities from the blood, and malaria from the system. Only one pill at a dose. Try them this spring. Sold at 25 cents a box by S. J. Hodges.

Proceedings of the Grand Lodge Drill and Ball.

Upon assembling yesterday afternoon the Grand Master, Grand Secretary and Grand Treasurer made their reports. A great increase is shown in membership and a revival in all branches of Odd Fellowship. The Treasurer's report also shows a healthy condition of the order.

The report of the Grand Representative shows a wonderful increase throughout the entire jurisdiction of Odd Fellowship. Following is his report, showing the increase during the past year:

Sovereign Grand Lodges	1
Independent Grand Lodges	64
St. John's Lodges	8,795
An increase of	224
Grand Encampments	48
Subordinate Encampments	2,091
An increase of	43
Lodge Initiations	58,217
An increase of	1,447
Loge Deaths	603,537
An increase of	29,376
Encampment Initiations	11,595
An increase of	1,000
Encampment Deaths	166,972
An increase of	5,230
Chevaliers	22,000
Amount for Relief Lodges and Encampments	\$4,436,876.35

The report of the Endowment Committee was received and ordered printed.

A report from the Finance Committee was also received and adopted.

The various lodges in the United States contributed to the Johnstown sufferers \$61,581.65. Nevada, considering her membership, contributed more than any other State.

The Reno Canton entertained the Virginia Canton at a lunch yesterday at the Arcade restaurant and at a magnificent banquet dinner at the same place at early evening; the Reno Daughters of Rebecca extending the same hospitality to their sisters from the Comstock at the same place.

In the evening one of the finest drills ever seen was given at the Pavilion, which was witnessed by as many people as the large hall would accommodate. Silver State Canton No. 1 of Virginia City carried off the first prize of \$100. The drill was almost perfect, and too much praise cannot be bestowed upon the men composing the Canton.

The drill was followed by a uniform ball, which was participated in by a large number.

SCHOOL CENSUS.

Number of School Children in Washoe County.

The following is a showing of the number of school children in the several school districts in Washoe county between six and eighteen years of age, according to the Census Marshal's returns for the year 1890:

Franktown	25
Washoe	36
Mill Station	9
Verdi	10
Verdi	64
Hufakers	59
Reno	882
North Washoe	18
Brown	98
North Truckee	48
Winnemucca	7
Spanish Springs	23
Anderson	21
Bonanza	6
Laughton	8

The total is 1,386, showing a falling off in the county of 50 within the past year. The loss in Reno from last year is 82. According to the report of the Census Marshal for 1889, there were 964. While there is a loss in Reno there is a small gain in some of the country districts.

SHOULD BE ORGANIZED.

A People Who are Entitled to a Code of Laws.

The Salt Lake Tribune says: Why does not the Government send a commission to draft and execute a code for Alaska? The country has paid back the money that it cost; the Government now annually derives a large revenue from that country through the seal fisheries; why can it not use a part of that revenue to give that country a simple but stable government?

Only seven Waterloo veterans have responded to the invitation given them by General Van Marlin to celebrate the approaching seventy-fifth anniversary of the battle. The oldest of them was born in 1793 and the youngest in 1816. Six of the seven are in a state of complete desuetude.

Destitute War Veterans.

THE SOUTH WANT TO HELP.

There is said to be a proposition from certain wealthy Southerners to have a popular subscription in the South to raise the money necessary to help New York complete the Grant monument. The South has a chivalrous liking for all the great men it has fought with.

A Fine Store.

A. Nelson's new cigar and tobacco store, next to John Sunderland's clothing department, will be ready for occupancy on the 25th inst., at which time Mr. Nelson will move from his present location.

NO LACK OF FAITH.

The site for the city postoffice of Washington selected by the Senate is in the square on the south side of Pennsylvania avenue, between Eleventh and Twelfth streets. The cost of the site is not to exceed \$800,000.

A DOCTOR'S REBUKE.

IMMENSELY MORE MISCHIEF THAN IS GENERALLY SUSPECTED.

Dr. King, the eminent medical writer, in a learned disquisition on our national complaint, constipation, says:

The great quantity of castor oil, linseed oil, and similar articles of this kind are productive of immensely more mischief than is generally suspected. True, the physic unloads the bowels, but its action is violent and pernicious, and it is not safe to continue it, for it causes constipation, so that instead of removing constiveness, it aggravates it, leaving the bowels in a more torpid condition.

Joy's Vegetable Sarsaparilla was designed to fill just such a contingency as the doctor's arraignment anticipates, viz.: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is no certain a relief in constipation than it is in diarrhea. It is given away to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect safety.

THE NEW POSTOFFICE SITE.

C. P. Huntington swells bigger and bigger with railroad arrogance. He'll burst if he don't get hoisted. He recently said that Fresno cannot be made a distributing point, "because it has no water competition." He meant to say that the tightly-cinched Fresnoites: "God and I have got you fellows in the door, and we intend to keep you there." The drills are now sharpened that will bore a hole through the base of Mount Conness, at the head of Mill Creek Canyon, opening a straight railroad route to the coast. Two years will see this work under way.

THE CLOSING.

To-morrow will practically close the work of the school year in the Reno schools. In all the lower departments, except Mrs. Booth's, the classes will be engaged in oral exercises, which will be of special interest to parents who care to know something of the progress made by their children. All interested in school work will be gladly welcomed as visitors by any and all of the teachers. On to-morrow afternoon Mrs. Booth's classes will entertain by giving some literary exercises. On Friday afternoon the closing exercises, by the High School, will be held at McKissick's Opera House.
